To Whom It May Concern:

I was one of Kelly Price's neighbors when she lived at 237 West 120th Street. I have lived at 235 West 120th Street for five years. I am an attorney and have been a member of the New York State Bar for over seven years.

During the course of our relationship as neighbors and eventually as friends, Kelly shared with me the trouble she had obtaining police assistance from members of the 28th Precinct on multiple occasions when she had been attacked by people in our neighborhood, including her ex intimate partner, Raheem Powell. I did not witness the events or attacks Kelly described to me, but throughout 2011 and 2012 she would cry and talk to me whenever she was assaulted. Kelly believed the women who assaulted her were associated with either her ex, his alleged drug dealing associates or his childhood cronies. Kelly was particularly dismayed that the police refused to take her reports, follow up on assaults against her person, or regard her as a member of society needing protection in general. She told me that officers in the precinct told her that the district attorney's office had instructed them not to assist her. Candidly, I did not entirely believe that the police would refuse Kelly, and I suspected that she was omitting some dispositive reason why the police were reluctant to intervene on her behalf against her various alleged attackers.

On the evening of October 18, 2012, Kelly called me crying and asking for my help. I observed her distraught and injured after she said she had been assaulted in broad daylight on the corner of our block, at 120th Street and St. Nicholas Avenue, at approximately 5:30 p.m. while she was en route to her home from the 125th Street subway. I observed that she was disheveled, her stockings were torn and her knees and hands were bruised and bloodied. Kelly was nearly hysterical, and I had to calm her down and give her medical assistance. Kelly related that a purported heroin dealer named Willy who was known to many residents in the neighborhood (he purportedly operated his business from a visible stoop on Saint Nicholas Avenue) had "jumped" her and hit her in the face, spit at her and pushed her onto the sidewalk, all the while screaming insults at her. I do not recall what Kelly said she said to him before or after the attack, but I do recall that she said she did not provoke him or retaliate against him physically. I took pictures of Kelly and her wounds, and encouraged her to call 911 for assistance in reporting the crime. Kelly stated that she already had called the 28th Precinct and that a patrol car had been sent to the scene of the assault. Kelly said that when the officers arrived they refused to take her report and called her crazy. Kelly also stated that she had then walked to the precinct, three blocks away, for help and had been rebuffed by the desk sergeant, who Kelly said ridiculed and mocked her.

Notwithstanding her story that she had sought police intervention earlier that day, I insisted that she call 911 again and report the chain of events. She complied.

Eventually another patrol car arrived in front of our building. Two police officers, whom Kelly has since reminded me were named P.O. Longo (shield # 31565) and P.O. Walker, related to us that they were instructed by the station's desk sergeant not to take Kelly's reports. P.O. Walker stated that the District Attorney's office had instructed the precinct not to respond to any of Kelly's calls. I recall being genuinely shocked and outraged to hear this instruction, and further surprised that a young woman, like P.O. Walker, would be tasked by her superiors with being complicit in a practices that left a domestic violence victim without recourse for protection. At this juncture, I introduced myself as an officer of the court and member of the NY State Bar, and reminded the officers of their legal and ethical responsibilities to provide complainants with police services. I recall that the officers responded more favorably to me than they did to Kelly, but I could not discern whether this was the case because I notified them that I am an attorney, or because I'm just someone other than Kelly Price. P.O. Walker stated that she would take basic information about the incident, but she believed that once the precinct began to process the event, it most likely would be "circular-filed" in the trash bin. P.O. Longo gave Kelly an incident ID slip and told her to follow up with the precinct in a few days, then both officers left. I was then, and remain, dumbfounded by what I witnessed transpire that evening.

As a single young woman living and working in NYC, it unsettled me that the police could be so cavalier about Kelly Price's safety. Kelly has since told me that the complaint number she was given months later when she inquired as to why no one had ever followed up with her about the incident was 2012-28-005194. Kelly also informs me that the detective squad at the 28th Precinct closed her incident report without contacting her either to identify the perpetrator of the attack or review the emergency room reports or follow-on orthopedic assessments describing Price's injuries resulting from the attack.

Please feel free to contact me concerning these events.

Sincerely,

Elizabeth Walker

Chief of Staff

Via email: JShlanger@DANY.nyc.gov

Dear Mr. Schlanger:

I'm writing to provide comprehensive information, to make you aware and to PROPOSE A PATH FORWARD out of the devil's cauldron of gross negligence, deliberate malice, outright unprofessional, unethical and illegal activity taking place in the Manhattan District Attorney's office (and vis a vis "collaboration" within the NYPD at the direction of the MDAO) towards innocent crime victims seeking assistance/justice. The following is a brief regarding the handling of me as a victim of domestic violence, the deliberate pattern of denial of services unhandled to me as a victim of Domestic Violence and as a victim of street assaults in NYC and the continuing problems I've encountered with the MDAO and the NYPD in the wake of being falsely branded a "fabricator" when not one official sought to investigate the true facts of my complaints.

-The MDAO never investigated my claims of abuse. No one interviewed neighbors, had me sign HPPA forms, reviewed photos of injuries I sustained during battery, or even called me to ask about my complaints until MONTHS after I was accused of harassing my batterer by allegedly making false complaints of abuse, arrested, arraigned, charged, incarcerated in Rikers and had my constitutional rights violated.

-As I was labeled a "fabricator" I ended up on a "do not service list" kept by the NYPD/MDAO of persons whose complaints are not to be addressed by the police.

-My batterer is still walking free. Why?

-How many other women are denied services like welfare assistance, counseling and relocation/housing which are "signed-off" on by Family Justice Centers around the city that are literally embedded in DAs offices in each borough because they are dubbed "fabricators" without anyone ever investigating her/his/its claims? How many other women are DENIED access to the FJC services as I have been/still am?

-Because of my status as a "fabricator" in the eyes of the MDAO OTHER WOMEN IN NYC WERE STALKED, ASSAULTED, MASTURBATED ON, PREYED UPON AND HARASSED BY at least ONE MAN THE MDAO REFUSED TO ARREST FOR

## CRIMES AGAINST ME.

The following information is broken down into five categories:

- I. Introduction/brief outline of events
- II. Rough timeline of events involving violence against me by Powell
- III. Events that led to the filing of Federal Civil Rights/Department of Justice, CCRB, IAB, DOI and OIG complaints vs. the MDAO and NYPD and details of those incidences.
- IV. Details of attacks on my person that the 28th precinct and other precincts in town refused to follow up on because they were told by the MDAO that I was no longer entitled to Police Services
- V. Moving Forward: the MDAO and Miss Price, the Business of Photojournalism in NYC and the way forward.

### I. Introduction/Brief Outline of Events

- a. My Birthname is Kelly Cathleen Price. I Go by GRACE: my beloved Grandmother's name. She was a great New Yorker and when this episode in my life is over I plan on changing my name.
- b. My SS# is 521-55-0356
- c. My DOB is 11/27/1970
- d. Please find attached the final dispositions/Orders from NY Supreme Court to dismiss and seal docket #s 20075-2011 and 20111-2011 (Exhibit #7) as well as the original complaints against me (Exhibit #4 & 5).
- e. I was Arrested on 5/6/2011 and 3/24/2011 by the 28<sup>th</sup> precinct and 9/24/11 by the 14<sup>th</sup> pct.
- f. On 5/6/11 I was arrested by Detective Samuel Fontanez, shield #00311 of the 028 Detective Squad and on 3/24/11 by various detectives inside the Family Courthouse as I waited to appear in front of Judge Sattler to have my order of protection against my batterer renewed and then handed over to detective Flowers of the 28<sup>th</sup> precinct. I do not have Dt. Flowers' shield # and neither does the Pct. as he has since retired (I was informed this by the dt squad when I called to ask for the number for you).
- g. I have included copies of emergency room reports and ambulance reports of some/most of the injuries I sustained. I have also included a disc with images of my various injuries incurred on my person from assaults by my batterer, Raheem Andre Powell, his mother, Nancy R. Gaines and by members of the NYPD as well as people on the street.
- h. As a domestic violence victim I went to the authorities, specifically, the 28th Pct. as I lived in that district, and then to Cyrus Vance's staff in the DA's office for help. I began asking for assistance in the spring of 2010 and continued up until the winter of 2011. I have a timeline with specifics detailing the interaction that I can provide. Instead of anyone investigating my claims of abuse I was instead falsely accused and charged with crimes as I was labeled a "fabricator" my

complaints against him and communications I had with him were viewed as hundreds as counts of aggravated harassment and I was imprisoned. I was prosecuted by the Manhattan DAs office on 325 counts of aggravated harassment and one count of contempt of court. The complainant is a man who battered me for two years.

- i. When I finally went to the police and the DAs office for help I was arrested instead, they refused to investigate my claims of abuse, and I ended up incarcerated on Riker's island regardless of the evidence in my favor: hospital records, eyewitnesses, 911 calls, photographs, permanent scarring, records for repairs of my front door and windows that were constantly being broken as he attempted to gain access to me in my apartment et al. After approximately two years of endless hearings in NY Supreme Court the DAs office offered me ACDs on the counts which I refuse to plead to as my batterer was walking free without a charge or restraining order against him. My civil rights have been violated in so many ways: I feel strongly that the pain, humiliation and anguish caused me need to be recognized. The people responsible for these malicious prosecutions and false arrests should be held accountable. This is virtually a horror-film script ripped from Hollywood: as an innocent crime victim when I turned to the authorities in my darkest, most desperate hour I was cast as a pariah, a liar, and as a femme fatale who allegedly injured herself in order to accuse her most beloved of the same crimes that he actually perpetrated. You allowed my batterer to manipulate the criminal justice system to continue his control over my suffering. My abuser did this with the assistance of officers of the MDAO and NYPD who willfully lapsed in their duties to investigate the circumstances of my injuries.
- j. If this has happened to me it can and has happened to other women and I want to make sure it never does again.
- k. The MDAO refused to investigate my claims of abuse: I have plenty of proof that this disregard for the obligation to investigate occurred in my case. I received call from DA Strohbehn on February 2, 2011. She told me I have "less than an hour" to get downtown to her office regardless of the difficulty in travelling that day as the city had been blanketed by a blizzard the previous evening. When I arrived at her office she had me wait in the Safe Horizon office for over two hours. When she greeted me she withdrew her right hand as I outstretched mine to shake hers as is common in professional and official circumstances to do. She led me brusquely down the hall of the 2<sup>nd</sup> floor she and Det. Simmons and another Dt from the 28<sup>th</sup> pct pepper me with questions about how I came to own a car, how I earned a living, and accuse me of answering my phone earlier in the day "with a fake accent." They proceeded to call me a liar and refuse to look at any material I had that proved I was telling the truth. ADA Strohbehn informed me she was declining to prosecute Raheem, and informed me that if I make another report against RAHEEM that she will 'lock me up and throw away the key.'" She also informed the 28th precinct that she will personally handle all of my "police service needs" and if I have "a bullet-hole in my head that they are to call her first before responding to any call from me." She informs me that she has already assisted Raheem in drawing up a Family Court petition to attain a counter restraining order against me in order to press counter-claims of harassment against me. She further instructs me that even though I haven't been
